ABOUT

Launched in 2014, Deltia's Gaming has garnered over 40 million views by creating helpful information for games like The Elder Scrolls Online (ESO) and Star Wars: The Old Republic (SWTOR). In his "Gamer to Gym Rat" series, Deltia's Gaming promotes healthy living by showcasing his personal fitness journey to his supporters.

Deltia has played an integral role in the gaming community, helping new and casual players improve their skills, and navigate the often confusing and overwhelming learning curve that comes with being a newer player to the Elder Scrolls Online. His warm and personable approach to gaming has cultivated a positive and supportive community and a space for gamers to improve.
